CAREER SUMMARY

Frontend Developer with experience in creating responsive web applications using React.js, JavaScript, HTML5, and CSS3. Proficient in integrating REST APIs, version control with Git, and deploying on Netlify and Vercel. Interned at PRYM Aerospace, contributing to an AI-based crop advisory platform, with a focus on clean code and intuitive user experiences.

EDUCATION

Babasaheb Ambedkar Marathwada University (BAMU), Aurangabad 2022-2025

BCA - Bachelor of Computer Application

Class XII Maharashtra with 80% in 2022

Class X Maharashtra with 72% in 2020

CERTIFICATIONS

Certification Course Management and Soft Skills (January 2023 - March 2023)

WORK EXPERIENCE

Software Intern - PRYM Aerospace Pvt. Ltd.

Oct 2024-Jan2025Pvt. Ltd.

I contributed to the development of Crop Pilot, an AI/ML-driven crop advisory platform. My primary focus was on frontend development, where I enhanced the user experience using React.js, JavaScript, HTML5, and CSS3. I also supported backend development with Node.js, Express.js, and Python (Flask), while gaining hands-on experience in API integration, Agile development practices, and version control with Git.

Car Rental Web Application

Developed a responsive and user-friendly car rental platform using React.js, JavaScript, HTML5, and CSS3, allowing users to seamlessly browse, filter, and book vehicles online. Enhanced the overall UI/UX with interactive components, integrated REST APIs for real-time data handling, and deployed the application on Netlify to ensure fast performance and cross-device compatibility. Strengthened expertise in frontend engineering, clean code practices, and modern deployment workflows while delivering a smooth and intuitive booking experience.

SKILLS

- Frontend : React.js, JavaScript, HTML, CSS, Tailwind CSS, Redux, Responsive Design
- Database : MongoDB, SQL, NoSQL
- Soft Skills & Methodologies : Communication Skill, Team Collaboration, Continuous Learning
